Course Leader : Mr. Kousuke YAMASHITA

Hello everyone! How are you?

First of all, I would like to wish you a Happy New Year. And thank you for all that you have done for us.

On January 8th this year, I held a workshop on the theme of "rice". I taught all the Brazilian participants how to make white rice in a pot on a gas stove, and also taught them how to cook rice, red rice, and rice balls. As I wrote in the Action Plan, this was the first time I had a workshop. I want to continue to take more classes and continue to teach more about Japanese food to Brazilians. In addition, with the desire to let more people know about JICA training, on January 19th this year, I spoke about my experience in the JICA training to the cooking class.
